9. [redacted] has processed out. (Ref. Report #34, B.7.)

10. [redacted] have been assessed.

11. [redacted] has resigned. It is said to be his intention to resume study at [redacted] under the G.I. Bill. A report on his general attitude has been forwarded to DTR.

12. [redacted] has indicated his intention not to resume civilian status but will enter the practice of law when his present tour of duty expires. Under normal circumstances this will be in March 1957. [redacted] who was married in July, has had pressures brought on him by his wife, her family, and his own relatives to enter law. His decision was forced upon him when he was offered a two-year overseas appointment which would involve his willingness to extend his period of military service for six or seven months. I consider that [redacted] motivation for Government work is high and that he would have continued with us, had it not been for the pressures referred to.

13. [redacted] is taking the course in Basic Photo.

14. A picnic for JOT's, their families, and their friends is scheduled for 25 September.
